

NOTICE OF TERMINATION

Name of Elected Official

You are hereby terminated as a result of your failure to perform competently as an elected representative of We the People. You have had the opportunity to change direction, and yet you:

- Ignore the will of the people and imperil our future prosperity
- Vote to drown us in debt through irresponsible spending and excessive taxation
- Pass legislation without deliberation or comprehension of what you have signed into law
- Are unable to balance the budget, a basic requirement of fiscal responsibility (and adulthood)
- Debase the currency to hide failed monetary policies
- Subvert the worth of the individual and encourage government intrusion into all aspects of our lives.

When I/we vote you out, you will not be allowed back on the property. You will have to wait six weeks to collect unemployment.

You're fired!

Most sincerely,
